## KEY SPECIFICATION FOR THE ORIGIN TRIM

VIEW FULL SPEC

### WHEELS AND TYRES

- 19" 'VULCANO' machined alloy wheels

### INTERIOR EQUIPMENT

- Aluminium pedals
- Ambient lighting 'Pure'
- Electro dimming rear mirror
- Rain & Light sensor
- 1 zone climatronic air conditioning
- Keyless entry and go

### EXTERIOR EQUIPMENT

- Heated electric and foldable door mirrors
- LED headlights with signature
- Rear 3D lights with ceremony
- Welcome light with logo projection
- Electric tailgate with virtual pedal

### INFOTAINMENT

- 15" Navigation system
- 10.25" Digital Cockpit

### CUPRA CONNECT:

- Safety and Service:
  - Private emergency call
  - Breakdown call
  - Service scheduling
- Remote Access:
  - Driving data
  - Parking position
  - Anti-theft, area, and speed alerts
- Online Navigation Services:
  - Online Infotainment
  - Online traffic information
  - Online map update
  - Online route calculation
- Intelligent voice control powered by ChatGPT
- Two front and rear USB sockets (rear are charge only)
- Wireless Full Link smartphone integration
- Wireless Phone charger
- Bluetooth, DAB, and AM/FM radio

### SEATS AND TRIM

- Bucket seats in cloth with manual height adjustment
- Heated front seats

### FUNCTIONAL AND MECHANICAL

- Rear view camera
- Drive Profile Selection (Range, Comfort, Performance, CUPRA, Individual)
- Dynamic steering

### SAFETY AND SECURITY

- Lane assist
- Front and rear parking sensors
- Emergency assist
- Predictive adaptive cruise control
- Speed limiter
- Traffic sign recognition
- Exit warning and assist
- Attention and drowsiness assist

# CONNECTED BEYOND THE PHYSICAL

### FORGOT WHERE YOU'VE PARKED?

Simply open the MyCUPRA app and you will be able to easily locate your vehicle in cities or large parking areas.

The GPS coordinates will give you the exact address and you are then able to navigate to it through the easy to use map.

### IS MY CAR SECURE?

For those moments when you're unsure if you've locked your car.

Through the MyCUPRA app, authorised users can see and control the lock status of the doors and boot.

### DETERMINE YOUR IDEAL TEMPERATURE

On those cold winter mornings, you'll no longer need to sit in your car while you wait for it to warm up and defrost.

With its remote temperature control, you can program the perfect temperature you want when sitting at the wheel, defrosting the windows in the process*.

### CHECK THE STATUS OF YOUR CAR

Check the fuel or battery level, lights are off, windows are closed and car is locked through the app. If maintenance is due, your Preferred Service Partner will contact you.

*Feature only available on e-HYBRID and fully electric models.

### TAKE YOUR CONNECTIVITY TO THE MAX

Just download the MyCUPRA App, create an account with your personal data and introduce the chassis number of your car located on the left side of the windscreen. In only a few minutes, you will have your CUPRA in the palm of your hand.

### ENROL YOUR CUPRA TO CONNECT

### DOWNLOAD MYCUPRA APP

Notes: Some features may vary depending on the vehicle's configuration and equipment.

If you have any questions, you can call us free of charge at **00800 6000 4020** or write to us at **cupradigitalsupport@cupraofficial.com** or **cupra-id-support@cupraofficial.com**

# CUPRA CONNECT

Get the most out of your new CUPRA by downloading the MyCUPRA app. CUPRA CONNECT's innovative services and functions connect you with your CUPRA and the world. The app lets you connect your phone to your CUPRA and allows you to seamlessly access crucial driving data and information about your vehicle. For instance, you can check if all your car's doors are locked from wherever you are, or you can see exactly where you've parked your CUPRA.

CUPRA CONNECT offers a wide range of safety and comfort functionalities that enhance your experience in and out of your CUPRA. The standard CUPRA CONNECT services are available free for 10 years to all CUPRA owners.

## CUPRA CONNECT

### FREE FOR 10 YEARS

CUPRA CONNECT enables access to multiple features and benefits including:

- Battery Care mode
- Breakdown call
- Customer care
- CUPRA Plug & Charge
- CUPRA Public charging
- Data plan
- E-Manager
- EV Route planner
- Internet radio
- Low voltage battery protection
- Online destination import
- Online map update
- Online POI search
- Online route import
- Online vehicle maintenance
- Parking position
- Personalisation
- Profiles & timers
- Remote lock & unlock
- Remote park assist
- Remote climatisation
- Store
- Vehicle Health Report
- Vehicle Status

- Charging stations
- Connected Travel Assist
- CUPRA Charging map
- Online route information
- Online traffic information
- Parking stations
- Local hazard information

Please note: The availability of CUPRA CONNECT services may vary depending on your vehicle and vehicle equipment.

*BIK value is based on WLTP $CO_2$ and applicable from 01/07/2026.
All prices shown are Recommended 'On the Road', inclusive of VAT. Sold by CUPRA UK, a trading division of Volkswagen Group United Kingdom Limited. Recommended 'On the Road' includes: delivery to Agent, number plates, new vehicle registration fee, the first year's Vehicle Excise Duty and VAT (calculated at 20%). CUPRA UK may change the Recommended 'On the Road' at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any Recommended 'On the Road' prices displaying correctly on our materials. Figures shown are for comparability purposes; only compare electric consumption and $CO_2$ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 01/07/2026. Figures quoted are for a range of configurations and are subject to change due to ongoing approvals/changes.

# CHARGING AT HOME AND ON THE GO

## CHARGING AT HOME

Charging your new CUPRA Tavascan at home is likely to become part of your everyday routine, so we've made it simple.

There are two options for home charging, either via a traditional three-pin plug or a specially installed wallbox. Ohme is CUPRA's recommended supplier to install a wallbox at your home and guide you through the complete home charging journey. Ohme have a range of chargers with features such as smart scheduling to charge your CUPRA when the electricity rates are at their lowest.

## KNOW YOUR POWER SUPPLIES

AC – Alternating Current
DC – Direct Current

## WHY DO WE RECOMMEND A WALLBOX IS INSTALLED TO CHARGE YOUR CUPRA TAVASCAN?

While a three-pin socket can charge your new CUPRA Tavascan at home, a home wallbox is recommended due to the high energy demands and the significantly faster charge time. A 7.2kW wallbox can charge your CUPRA Tavascan three times faster than with a three-pin plug. A home wallbox installed by an accredited installer like Ohme ensures that your car receives a full night of uninterrupted fast charge.

## CHARGING ON THE GO

While you're out on the road, you can choose from a number of public charging points to top up your new CUPRA Tavascan. Zapmap is a great website **zap-map.com** to locate suitable chargers across the UK.

## COMBINED CHARGING SYSTEM (CCS)

AC & DC rapid charging, is available at most public charging stations. Rapid chargers are the fastest way to charge an EV vehicle and often found in motorway services or in locations close to main roads.
The CUPRA Tavascan is equipped with CCS (Combined Charging System), which supplies high power direct or alternating current (DC/AC) to charge a battery to 80% quickly.

## REGENERATIVE BRAKING

This is the recovery of energy usually lost when braking. CUPRA Tavascan optimises braking energy to prolong its battery life and not reduce your range.

# VEHICLE EXCISE DUTY

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO2 ) emission level, measured in grams per kilometre (g/km). This table illustrates the duty you will pay based on the DVLA bandings.

The standard rate for Petrol, Diesel and Alternative Fuel Vehicles is £200. Please be aware vehicles with a list price (RRP), including options, higher than £40,000* will incur an additional £440 a year in vehicle tax. *Please note, as a result of the Budget 2025, the VED Expensive Car Supplement (ECS) threshold for zero-emission cars increases from £40,000 to £50,000. This means that zero-emission cars with a list price which exceeds £40,000, but does not exceed £50,000, will no longer be required to pay the ECS charge when they take out a licence which comes into effect on or after 1 April 2026 which is not a first vehicle licence. The threshold will be maintained at its current level of £40,000 for all other cars.

For full tax details please refer to **gov.uk/vehicle-tax-rate-tables**
For full details on the VED ECS threshold increase, please refer to **Gov.UK**

**12-MONTH ROAD FUND LICENCE (RFL) RATE FOR PETROL, DIESEL AND ALTERNATIVE FUEL VEHICLES**

| $CO_2$ g/km | 1ST YEAR RATE |
|---|---|
| 0 | £10 |
| 1 | £115 |
| 51 | £135 |
| 76 | £280 |
| 91 | £365 |
| 101 | £405 |
| 111 | £455 |
| 131 | £560 |
| 151 | £1,410 |

| 256 | £5,690 |

CARS REGISTERED ON OR AFTER 1 APRIL 2026

# BENEFIT IN KIND TAX

**HOW TO CALCULATE YOUR LIABILITY**

The BIK percentage value is based on the $CO_2$ emissions of the vehicle for the current tax year 2026/27.

| **BIK CALCULATION EXAMPLE: CUPRA TAVASCAN V1 77KWH RWD 286PS** | |
|---|---|
| P11D value (Manufacturer's Direct Price price less RFL and first registration fee) | £45,685.00 |
| WLTP $CO_2$ emissions (g/km) | 0 |
| Company car BIK tax based on $CO_2$ emission level | 4% |
| Taxable BIK (for 2026/27 tax year): 4% of £45,685.00 | £1,827.40 |

| **ANNUAL COMPANY CAR TAX 2026/27 (@20% INCOME TAX)** | |
|---|---|
| 20% of £1,827.40 | £365.48 per annum |

| **MONTHLY COMPANY CAR TAX 2026/27 (@20% INCOME TAX)** | |
|---|---|
| £365.48 divided by 12 | £30.46 per month |

# BATTERY

| | 58KWH RWD 190PS (ORIGIN, V1, V2) | 77KWH RWD 286PS (V1, V2) | 77KWH AWD 340PS (VZ1, VZ2) |
|---|---|---|---|
| Type (cylinders / valves per cylinder) | Permanent magnet synchronous machine | Permanent magnet synchronous machine | Asynchronous Machine / Permanent magnet synchronous machine |
| Maximum power (kW (PS) / rpm)[1] | 140 (190) / 3,820-7,100 | 210 (286) / 3,650-6,500 | 250 (340PS) / 3650-6500 |
| Maximum torque (Nm / rpm) | 350/ 0-3820 | 545 / 0-3650 | 545 / 0-3650 |

# YOUR TYRE LABEL

They may not be the first part of your CUPRA you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know. Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

You'll see more in-depth information on your tyres while configuring your car. Click **here** to start building your CUPRA now.

## ENERGY EFFICIENCY

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your energy consumption, with tyres rated as Class-A being the most efficient.

## WET GRIP

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with Grade-A giving the shortest stopping distance.

## EXTERNAL NOISE

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise Class-A being the quietest and C the loudest.

# WARRANTIES

## FIVE-YEAR MANUFACTURER WARRANTY

All new CUPRA's ordered on or after 03/04/2024 in the UK, come with a five-year/90,000 mile warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage, plus a further three years up to a maximum of 90,000 miles (whichever is soonest).

## BATTERY WARRANTY

The batteries for battery electric vehicles (BEVs) are warranted against all defects in materials and workmanship for eight years or up to 100,000 miles, whichever comes first.

A gradual reduction in battery energy content over time is a normal feature of high voltage battery and does not constitute a warrantable defect. For BEVs, the battery energy content degradation warranty lasts for eight years or up to 100,000 miles, whichever comes first. Where the battery energy content of the high voltage battery is measured by a CUPRA authorised repairer and is found to be less than 70% during the warranty period, then it will be repaired or replaced under warranty subject to conditions. For full details, please go to the CUPRA UK website.

## THREE-YEAR PAINT WARRANTY

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## 12-YEAR BODY PROTECTION WARRANTY

The internal body sections and panels of the models featured in this price list are covered against corrosion originating from internal cavities for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## CUPRA PARTS WARRANTY

CUPRA parts and accessories supplied after new vehicle delivery are covered by our 24-month parts warranty.

## CUPRA ROADSIDE ASSISTANCE (INCLUDING EUROPEAN COVER)

Any new CUPRA purchased and registered in the UK from an authorised CUPRA Retailer, is covered free by CUPRA Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of one year. Terms and conditions apply.

## SPECIFICATIONS

Specifications refer to Model Year 2026. While CUPRA makes every effort to make sure that specifications are accurate at time of going to press (07/2026), you should always check details with your CUPRA Retailer as there may have been changes in view of CUPRA's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

CUPRA is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While CUPRA makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised CUPRA Retailer for the latest information. Due to limitations of the printing process, the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled / recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality.
