Pricing valid as of 1st April 2022.

* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on SCALA SE TECHNOLOGY 1.0 TSI 95PS		
P11D value		£20,325.00
Company car BiK tax based on CO ₂ emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £20,325.00	£5,691.00
Annual company car tax (2022/23)		
20% income tax	20% of £5,691.00	£1,138.20
40% income tax	40% of £5,691.00	£2,276.40
Monthly company car tax (2022/23)		
20% income tax	£1,138.20 divided by 12 months	£94.85
40% income tax	£2,276.40 divided by 12 months	£189.70

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

* Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2022. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see skoda.co.uk/owners/wltp-info or consult your retailer.

OCTAVIA iV – PLUG INTO THE FUTURE

Enjoy the dynamism and efficiency of a plug-in hybrid with the OCTAVIA iV. Available on SE L and vRS trims. There is no longer a need to compromise between performance and sustainability.

 Build your own

Models shown are not UK specification. Some of the equipment shown is optional.

CHARGING

The socket situated on the front left wing allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station, an empty battery can be fully charged in five hours.

CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 204PS (245PS for vRS iV), whilst in E-mode, the ŠKODA OCTAVIA iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

iV VIRTUAL COCKPIT

Put all the information you need right in front of your eyes with the customisable 10.25" display. Replacing the traditional instrument dials, the screen can be customised with five views (Classic, Basic, Extended, Modern and Sports)..

CONNECT WITH iV FOR EVEN MORE CONTROL

OCTAVIA iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Models shown are not UK specification. Some of the equipment shown is optional.

* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

** Available from stock only.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on OCTAVIA SE TECHNOLOGY 1.0 TSI 110PS HATCH		
P11D value		£23,345.00
Company car BiK tax based on CO ₂ emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £23,345.00	£6,536.60
Annual company car tax (2022/23)		
20% income tax	20% of £6,536.60	£1,307.32
40% income tax	40% of £6,536.60	£2,614.64
Monthly company car tax (2022/23)		
20% income tax	£1,307.32 divided by 12 months	£108.94
40% income tax	£2,614.64 divided by 12 months	£217.89

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

SUPERB iV – PLUG INTO THE FUTURE

The SUPERB iV is ŠKODA's first plug-in hybrid, uniting innovative electric drive technology with the iconic design now synonymous with the SUPERB name. Available across SE L, SportLine Plus and Laurin & Klement trim levels.

CHARGING

The socket situated behind the grille allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station an empty battery can be fully charged in five hours.

CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 218PS, whilst in E-mode, the ŠKODA SUPERB iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

CONNECT WITH iV FOR EVEN MORE CONTROL

SUPERB iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Pricing valid as of 1st April 2022.

* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on SUPERB SE TECHNOLOGY 1.5 TSI 150PS ACT HATCH		
P11D value		£28,675.00
Company car BiK tax based on CO ₂ emission level		32%
Taxable BiK (for 2022/2023 tax year):	32% of £28,675.00	£9,176.00
Annual company car tax (2022/23)		
20% income tax	20% of £9,176.00	£1,835.20
40% income tax	40% of £9,176.00	£3,670.40
Monthly company car tax (2022/23)		
20% income tax	£1,835.20 divided by 12 months	£152.93
40% income tax	£3,670.40 divided by 12 months	£305.87

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

ŠKODA Gap Insurance

What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

Why choose us?

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about ŠKODA Gap Insurance, please speak to your nearest participating ŠKODA Retailer or go online www.insurewithskoda.co.uk/gap-insurance

ŠKODA Gap Insurance from ŠKODA Financial Services is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

Service intervals

When you order your SE Technology model, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Roadside assistance

A three year, European-wide, unlimited mileage ŠKODA Assistance policy comes free of charge with every new ŠKODA. There's a team of specially trained technicians who carry the right diagnostic equipment and parts to get you back on the road as quickly as possible in the unfortunate event of a breakdown.

Provided in partnership with the AA. Exclusions and terms and conditions apply. For details please speak to your local ŠKODA Retailer.

Customer services

Talk to us on **03330 037 504**. No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of our customer care advisors to see if they can help. The call centre is open Monday to Friday from 8.30am-5.30pm. You can also talk to one our advisors via live chat, on Monday to Friday from 8am-8pm.

A network that's here to help

You can be sure that as a ŠKODA customer, your retailer will look after you from the moment you walk through the door and throughout the life of your ŠKODA. Your SE Technology model will be serviced and maintained by specially trained ŠKODA technicians, and when you need a spare part you'll be happy to know that most are held in stock, or ordered within 24 hours. So if top class customer satisfaction is what you're after, the ŠKODA network will be there for you.

Motability

People who are in receipt of one of the following allowances, and have at least 12 months remaining on their reward, may be eligible for a vehicle via the Motability scheme.

Higher Rate Mobility Component of the Disability Living Allowance (HRMC of DLA), Enhanced Rate of the Mobility Component of Personal Independence Payment (ERMC

of PIP), War Pensioners' Mobility Supplement (WPMS) or Armed Forces Independence Payment (AFIP).

For full details of the scheme, current model availability and pricing, please contact the Motability specialist at your local ŠKODA Retailer.

Warranty

Peace of mind with a ŠKODA warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed retail network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner. Your SE Technology model also benefits from a three-year paint warranty and 12-year body protection warranty.

Exclusions and terms and conditions apply.

Owning a ŠKODA

Three-year vehicle warranty from new

First two years unlimited mileage.
Third year with 60,000 mile limitation, whichever is sooner.
Four to five years Optional Extended Warranty.

Three-year paint warranty

Up to 12 years body protection.

Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers. Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets

and sunroof, brake adjustment, clutch adjustment, v belt adjustment, headlight adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- > Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- > Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer's guidelines.
- > Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- > Damage caused by an accident.
- > Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- > Damage resulting from the use of non-original replacement parts.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, and loss of personal effects or income are not recoverable under the terms of the warranty.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: skoda.co.uk/owners/accessories-and-merchandise

Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2022. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see skoda.co.uk/owners/wltp-info or consult your Retailer.

ŠKODA UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen ŠKODA Retailer.

LONG LIVE THE OCTAVIA!

OCTAVIA has long been ŠKODA's most successful model. To maintain this privileged position looking forward, it requires constant development and innovation in all areas, including design, comfort, handling, crew safety and environmental friendliness.

We are honoured and pleased that the new OCTAVIA is literally teeming with new features and, even at this early stage, we are certain that it will do its name proud.

ALLOY WHEELS

CHOICES, CHOICES.

Some decisions are rewardingly difficult. Do you make a statement with matt black? Stand out with premium metallic? Or keep it strictly professional? Whatever your style, there will be an alloy wheel to match.

ALLOY WHEELS

When it comes to checking the quality of our alloy wheels, we unapologetically put them through their paces. First, they have to prove their resistance to corrosion, climatic influences and driving strain. Then, the layer of heat-resistant paint is tested over and over for strength and durability.

Prices shown are per wheel fitted. Tyres sold at additional cost.

To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

PRACTICAL AND VARIABLE

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger's seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

PERFECTLY VERIFIED

All our child seats comply with European safety regulations (EHK 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

CONNECTIVITY

ŠKODA CONNECT

IT'S ABOUT THE JOURNEY, NOT JUST THE DESTINATION

With the ŠKODA OCTAVIA, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

Use the ŠKODA Connect App to remotely check the status of the vehicle, lock or unlock it, or display its parking position, using your mobile device, with a number of further functions just waiting to be explored. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time.

MYŠKODA APP

EVERYTHING ABOUT YOUR CAR IN YOUR POCKET

Imagine an app for your smartphone that serves as your companion every day. An app that provides you with detailed information about your car and its service wherever you are. A way to get immediate help from roadside assistance or your favourite dealer. A true personal assistant making sure you always arrive on time.

Meet the MyŠKODA App.

MyŠKODA App is a mobile application available for iOS (Apple) and Android (Google) devices. Its principal task is to help you in various daily situations connected not just to your car. The application is equipped with PAUL (Personal Assistant U Love) – an interactive assistant who guides you through the app and helps with daily issues.

MY CAR

A key part of the app is focused on your car: Car Data offers the latest summary about your car and its service appointments, Car Manual is an interactive copy of the Owner's Manual, and a whole range of step-by-step tutorials is available in the Before You Start, Control Lamps, Quick Tips, Video Tips and Simply Clever sections. You can receive selected latest data from your vehicle directly in your mobile phone by connecting with compatible infotainment system.

MY DEALER

The MyŠKODA App comes with a hotline connecting you to your favourite dealer. Browse the opening hours and offered services, or request an appointment by filling out a simple form so the dealer can call you back.

ASSISTANCE

Whether you are stranded on the side of the road or your car doesn't start in front of your house, ŠKODA Assistance is just 3 clicks away. Tap on the receiver icon and let our team get help to you as quickly as possible.

CALENDAR

PAUL keeps an eye on traffic, weather and the fuel tank to let you know if there might be any trouble on the road and if you should set off earlier. He can activate your alarm earlier if there is a chance you might be late because of heavy traffic or bad weather.

INFOTAINMENT

ŠKODA CONNECT LITE

(000 051 629A) £43

GET THE MOST IMPORTANT CAR INFORMATION ON YOUR MOBILE

ŠKODA Connect Lite is the intelligent, connected vehicle assistant. It connects you to your ŠKODA that you are constantly informed about your vehicle, your driving style and your trips. Connect Lite is the connectivity solution compatible with most models manufactured from 2008.

ŠKODA Genuine Accessories

MYŠKODA

UNDERSTAND YOUR ŠKODA AND ITS SERVICE NEEDS

MyŠKODA shows you the most important information about your car, such as the mileage, fuel level, pending service intervals, current warning signs and lights and the appropriate explanations and recommendations for action.

TRIPS

MANAGE AND EXPORT YOUR DIGITAL LOGBOOK

Your digital logbook records all trips with start, destination, date, time, duration, distance and fuel costs per trip. You can analyse your driving style per each trip, display its statistics or export Electronic logbook for chosen time period.

STATISTICS

IMPROVE YOUR DRIVING STYLE AND SAVE FUEL AT THE SAME TIME

Your driving style will be examined more precisely for maximum drive efficiency. Acceleration, braking behaviour, speed, RPM and coolant temperature will be recorded and summarized for you at a glance in a graph.

ASSISTANCE

CONTACT THE 24-HOUR SERVICE HOTLINE

In case of a technical breakdown or even an accident, the app enables you to get in touch with the national 24-hour breakdown services at home or abroad, or the ŠKODA service hotline.

Family car
Best for practicality
Škoda Octavia

You could stick to the path. Follow the rules. Never question convention. You could live your life according to others. But where's the fun in that? Life is for living on your terms. At your pace. That's where the OCTAVIA provides a beautifully compelling option. It enables you to personalise your driving experience at every turn. It keeps you fully connected to your online world. And it features all the latest driver assistance systems you need to break free of routine in absolute safety.

Models shown are not UK specification. Some of the equipment shown is optional.

A FEELING LIKE NO OTHER

The OCTAVIA's exterior is the perfect expression of emotion in motion. Adoration, affection, amazement – the dynamic lines and sharp design of the exterior quickly evoke a great sense of each, delivering a compelling fusion of aesthetics, safety and practicality.

HEADLIGHTS AND FOG LAMPS

While every light on the OCTAVIA is stylish, none are quite as innovative as the front headlights. Optional across our trims, matrix technology uses a windscreen camera to detect both the driver in front and oncoming traffic. Once detected, it automatically adjusts light intensity to avoid blinding others. Add to this the powerful LED Fog Lamps and you can be confident of a safe drive whatever the conditions.

REAR LED LIGHTS

Beautifully practical. There's really no better way to describe the full LED rear lights, which feature animated turn indicators to stylishly inform other drivers where you're turning. The lights also showcase ŠKODA's distinctive C-shape crystalline style with their prominent and eye-catching multi-faceted finish.

PANORAMIC SUNROOF

The electrically adjustable panoramic sunroof provides extra sunlight and fresh air at the simple touch of a button. Made from tinted glass, it allows you to create a large open space above the front seats.

Models shown are not UK specification. Some of the equipment shown is optional.

MORE POWER, LESS COMPROMISE

Whether a tale of power, invention or sustainability, every engine in the OCTAVIA range has a unique story to tell. Whichever option you choose, you'll find all share the same reliability and uncompromising performance.

FUEL-EFFICIENT ENGINES

Sustainability lies at the heart of every ŠKODA. So, whether you favour petrol or diesel, you'll find a super-efficient engine to suit.

PERFORMANCE AND AERODYNAMICS

The OCTAVIA's impressive aerodynamics haven't simply enhanced driving performance and fuel efficiency, they've also set the industry benchmark in terms of drag resistance.

SHIFT BY WIRE

Only fitting for a family flagship car, the OCTAVIA features 'shift by wire' technology that delivers maximum comfort in vehicles equipped with automatic transmission. Controlled by a shift lever in the centre console, it reduces the strain on the engine by deciding when to change gear, leaving you free to enjoy the journey.

DYNAMIC CHASSIS CONTROL

Maximum performance, maximum comfort. This innovative system continuously evaluates and responds to various driving situations, adapting the damping and steering to ensure a smoother drive. The system's five ride settings can be changed at the touch of a button in the centre console to suit your specific needs. Sportier DCC options are also available for those seeking a more dynamic drive.

Models shown are not UK specification. Some of the equipment shown is optional.

Build your own

OCTAVIA iV – PLUG INTO THE FUTURE

Enjoy the dynamism and efficiency of a plug-in hybrid with the OCTAVIA iV. Available on SE L and vRS trims. There is no longer a need to compromise between performance and sustainability.

CHARGING

The socket situated on the front left wing allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station, an empty battery can be fully charged in five hours.

CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 204PS (245PS for vRS iV), whilst in E-mode, the ŠKODA OCTAVIA iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

iV VIRTUAL COCKPIT

Put all the information you need right in front of your eyes with the customisable 10.25" display. Replacing the traditional instrument dials, the screen can be customised with five views (Classic, Basic, Extended, Modern and Sports)..

CONNECT WITH iV FOR EVEN MORE CONTROL

OCTAVIA iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Models shown are not UK specification. Some of the equipment shown is optional.

SWITCHED-ON THINKING

In our always-on world staying connected on the go is no longer a nice to have – it's an absolute must. It's why the OCTAVIA includes a number of smart assistance and infotainment systems to keep you informed at every corner, and entertained at every turn.

STAY CONNECTED

The new ŠKODA Connect system turns the OCTAVIA into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. With Proactive Services the car will contact your ŠKODA Retailer to arrange a service. Finally, Emergency Call will contact the emergency services in the event of an accident to get you the help you need. [Click here to go to ŠKODA Connect.](#)

ROOF-MOUNTED USB PORT

In the rear-view mirror panel, you will find an additional USB-C slot. An ideal and discreet location for charging any windscreen mounted devices.

NAVIGATION SYSTEM

Featuring intelligent gesture control, the Columbus 3D navigation system displays all the information you need without any visual clutter. The device also provides different zoom options, ideal when viewing maps.

Images shown may not be UK specification. Some of the equipment shown is optional.

LEAVE NOTHING BEHIND

In a car packed with intelligent driver systems and design features, we've made sure to leave plenty of room for space too. The luggage capacity can be enhanced thanks to a host of clever design features that increase practicality.

REMOTE FOLDING SEATS
Make loading even easier by folding down the rear seats with a simple press of the remote release button located in the luggage compartment.

FRONT DOOR COMPARTMENTS
Staying hydrated on the move is easy thanks to the 1.5ltr bottle holder and rubber strap in the door compartment. A removable waste basket can also be fitted.

JUMBO BOX
Keep your precious smart devices safely out of sight in the front armrest. The Jumbo Box will also cool your snacks when the air con is on, while drink holders with Easy Open function are on the centre console.

Models shown are not UK specification. Some of the equipment shown is optional.

ALWAYS MORE IN STORE

Each OCTAVIA model may have its own distinct personality, yet all share one thing in common – generous space. With the rear seats folded, the Estate offers an impressive 1,700 litres, while the Hatch offers 1,555 litres. That's another load off your mind.

SIMPLY INGENIOUS

Let's be honest, life's complicated enough. It's the reason we've packed the OCTAVIA with a host of thoughtful touches to make the everyday feel simpler in every way.

VIRTUAL PEDAL

Got your hands full? With the addition of a Virtual Pedal you can simply slide your foot beneath the rear bumper to access.

KEYLESS ENTRY AND START/STOP

With the new version of the Keyless entry and start/stop all doors can be used to unlock or lock the car.

READING LIGHTS WITH INTENSITY CONTROL

This bright idea enables you to adjust the light intensity by simply holding your hand under the reading lights.

LIQUID RESERVOIR

Say goodbye to washer fluid spills with this handy feature, which includes an integrated funnel to ensure not a single drop goes to waste.

UMBRELLA STORAGE COMPARTMENT

Never let a wet day dampen your spirits thanks to this driver's door storage space, which can hold a ŠKODA umbrella. It's also been cleverly designed to drain water away from the car.

FUEL DOOR

Inside you'll find a handy ice scraper for those frosty mornings, while fuel-fill protection eliminates the risk of ever filling up with the wrong fuel.

Models shown are not UK specification. Some of the equipment shown is optional.

LOOKING OUT FOR YOUR SAFETY

Safety is firmly in the driving seat, thanks to the active and passive driver assistance systems, which allow you to instantly respond to whatever comes your way.

REAR VIEW CAMERA

Hidden under the boot handle, the rear-view camera makes light work of reverse parking.

ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION

Using a radar device in the front grille, the Front Assist system is designed to monitor the distance from the vehicle ahead, and also includes an emergency braking function. OCTAVIA comes with Front Assist expanded with pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

Models shown are not UK specification. Some of the equipment shown is optional.

OCTAVIA SE

Enhanced comfort, advanced safety. The SE provides both thanks to a number of intuitive driver assist systems.

Build your own

YOUR OCTAVIA, YOUR WAY

Whether you're carrying bikes, need mudflaps and mats or the latest tech, our range of OCTAVIA accessories are designed to protect your pride and joy and add that special finishing touch.

ROOF BOX AND AERO ROOF BARS

Combine our specially developed new roof bars with the modern, light, 380 litre ŠKODA roof box. Air resistance and wind noise are both minimised thanks to the unique aerodynamic profile and the optimized sweeping shape also has a positive effect on driving stability and limits vibrations. The roof carrier with enclosed carrier profile can fit this box using U-straps.

NEXTBASE 322GW DASH CAM & GO PACK

The Nextbase 322GW dash cam offers full HD, with 1080p HD resolution and a 6G glass lens for increased picture clarity. The 322GW has a 2.5" IPS HD touch screen providing user-friendly menu selection and playback. The exclusive new Click&Go Pro mount make mounting easier and quicker than ever before and an intelligent SOS feature alerts the emergency services to your location in the event of an accident.

BICYCLE CARRIER FOR A TOW BAR

This extremely sturdy rack can carry three bicycles. Easy to fit and even easier to use, simply lift the bicycle up a little to secure in place before heading out for adventure.

Images are for illustrative purposes only. Please ask your ŠKODA Retailer for further information. All the above accessories can only be added to the vehicle after production at a ŠKODA Retailer and some may include an additional fitting cost.

PROTECTION PACK

Muddy boots. Sand-filled towels. Soggy bike gear. Escaping for adventure may be great for the soul, but it's far less kind on your interior. It's why we've created our Protection Pack, which includes front and rear mudflaps, double-sided boot liner and textile or rubber floor mats – all for a special pack price.

MUDFLAPS

Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

PROTECTIVE BOOT TRAY

No matter how mucky things get, it's good to know that there's a boot liner to match it. This clever liner comes with an all-weather texture on one side with a textile reverse. They're quick to fit and remove, and all come with a 5cm raised edge to keep in dirt and make mucky boots a thing of the past.

FLOOR MATS

These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. Available as either carpet or rubber mats.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on OCTAVIA SE 1.0 TSI 110PS Hatch		
P11D value		£23,090.00
Company car BiK tax based on CO ₂ emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £23,090.00	£6,465.20
Annual company car tax (2022/23)		
20% income tax	20% of £6,465.20	£1,293.04
40% income tax	40% of £6,465.20	£2,586.08
Monthly company car tax (2022/23)		
20% income tax	£1,293.04 divided by 12 months	£107.75
40% income tax	£2,586.08 divided by 12 months	£215.51

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

ŠKODA Gap Insurance

What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

Why choose us?

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

Service intervals

When you order your OCTAVIA, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, and loss of personal effects or income are not recoverable under the terms of the warranty.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: **skoda.co.uk/owners/accessories-and-merchandise**

Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2022. Choice of wheels and other options may affect fuel consumption and emissions data.
