**ŠKODA**

**WHATCAR?**

**CAR OF  
THE YEAR  
AWARDS  
2022**

Executive car  
Best for value  
Škoda Superb

Effective: 20th June 2022

The challenge was to take an award-winning model and completely revolutionise it in terms of technical sophistication and design, enhance the functionality and refine it's beauty, whilst retaining its signature styling and luxurious interior.

**Introducing the ŠKODA SUPERB.**

Reimagined and reenergised it remains our most spacious, prestigious and technically advanced model.

Models shown are not UK specification. Some of the equipment shown is optional.

# COMMANDS ATTENTION FROM EVERY ANGLE

Authenticity, precision and purpose. The SUPERB’s design conveys each of these in style. The perfectly balanced exterior proportions, sporty silhouette and dynamic horizontal lines have been enhanced, complemented as ever by razor-sharp angles throughout.

### HEADLAMPS AND FOG LAMPS

Using a windscreen camera, the Full LED Matrix headlights of the SUPERB can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers.

### REAR LED LIGHTS

The full LED rear lights are fitted with dynamic indicators, revealing where the driver is about to turn with a sense of vibrancy. The rear lights also feature C-shaped illumination, typical for the ŠKODA family, but updated with a modern twist.

### SUNROOF

This electric panoramic sunroof provides extra sunlight and fresh air at the simple touch of a button.

Models shown are not UK specification. Some of the equipment shown is optional.

# INNOVATION WITH INTENT

A car interior needs to be more than spacious and inviting, it needs to be intuitive too. Where everything is designed to enhance the drive. Whether that's the position of the controls, the precision of the dashboard or the clever use of ambient lighting.

## VIRTUAL COCKPIT

Put all the information you need right in front of your eyes with the customisable 10.25" digital display, which replaces the traditional instrument display and can be customised with four views (Classic, Basic, Extended and Modern). A fifth Sports view is available for SportLine Plus.

## TRI-ZONE CLIMATE CONTROL

This intelligent system enables different temperatures to be set for the driver, front and rear passengers. It's also fitted with a humidity sensor to reduce windscreen misting.

## LED INTERIOR LIGHT PACK

Selecting the SUPERB's LED ambient lighting is anything but a black and white decision. Includes decorative ambient lighting strips on the dashboard and front and rear doors which can be set to ten colours. Also includes front and rear reading lights, footwell lighting, door handle illumination and vanity mirror lighting.

## VENTILATED FRONT SEATS WITH MASSAGE FUNCTIONALITY FOR DRIVER'S SEAT

Take the stress out of driving with ventilated front seats with massage functionality for driver's seat, allowing you to travel in ultimate comfort.

## WIRELESS CHARGING PAD

Utilise the SUPERB's wireless charging functionality by simply placing your device face up in the phonebox. The mobile device will automatically connect and start receiving power.

Models shown are not UK specification. Some of the equipment shown is optional.

# HIDDEN STRENGTH

The SUPERB's bold styling and class-leading space may grab the headlines, but the car's inner workings tell an equally compelling tale. It's here you'll find the new generation of direct-injection turbocharged engines. All share the same reliability, yet each has its own distinctive story to tell. One best heard on the open road.

## DYNAMIC CHASSIS CONTROL

This innovative system ensures the car's suspension is constantly adapting to suit the road and driving conditions. The ride setting can be changed at the touch of a button in the centre console.

DIRECT SHIFT GEARBOX  
(DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

## FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit. All options deliver a comfortable and compelling driving experience.

Models shown are not UK specification. Some of the equipment shown is optional.

# SUPERB iV – PLUG INTO THE FUTURE

The SUPERB iV is ŠKODA's first plug-in hybrid, uniting innovative electric drive technology with the iconic design now synonymous with the SUPERB name. Available across SE L, SportLine Plus and Laurin & Klement trim levels.

Models shown are not UK specification. Some of the equipment shown is optional.

### CHARGING

The socket situated behind the grille allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station an empty battery can be fully charged in five hours.

### CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

### DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 218PS, whilst in E-mode, the ŠKODA SUPERB iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

### AREA VIEW

Four cameras sense the space around the entire vehicle. Located in the front grille, external side-view mirrors and on the handle of the 5th door, increasing the confidence of whoever is behind the wheel.

The screenshot shows the navigation system's interface. On the left is a vertical menu with icons for 'MENU', 'HOME', a compass, a location pin, and a power button. The main display area shows a search result for a 'Charging station'. The title 'Charging station' is at the top right of the main area, next to a star icon and a close 'X' icon. Below the title, the station details are listed: 'Rwe Ladestation', 'Reinhardtstraße 32', '10117 Mitte, Berlin', and 'Berlin, Germany'. To the right of these details, the distance '5km' is shown, followed by the estimated time '00:05' and the route 'via A13'. Below the station details, the opening hours 'Open: 00:00 - 00:00' and the status 'Availability: Reserved' are displayed. At the bottom of the screen, a large button labeled 'Start route guidance' is visible.

# ALWAYS FIT FOR PURPOSE

Famous for providing exceptional space, the SUPERB will help you make the most of it, thanks to a host of innovative features that celebrate the beauty of functionality.

**JUMBO BOX**  
The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books. It is also home to a second USB port, now a standard feature with SUPERB.

**BOTTLE HOLDER**  
You will find a 1.5-l bottle holder in a spacious compartment in the front doors and 0.5-l holder in the rear doors.

**SPACIOUS STORAGE**  
Several storage compartments have been included in the interior to help you keep it looking its best. Some can also be air-conditioned, making it perfect for storing chilled refreshments.

## FILL YOUR BOOTS

With one of the best luggage capacities in its class, you'll never have to compromise on what you pack. The Estate offers an impressive capacity of 660 litres, which extends to 1,950 litres with the rear seats folded down. That means ample room for all your business, pleasure and practical essentials.

Models shown are not UK specification. Some of the equipment shown is optional.

# BIG ON THOUGHTFUL TOUCHES

Hidden compartments for your valuables. Protection against the elements.  
The best ideas aren't always the biggest, they're the ones that make your life easier.

### VIRTUAL PEDAL

On-hand when none of yours are free. Simply use a 'kick motion' underneath the luggage compartment to open the boot.

### UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella located in the front doors.

### ELECTRICALLY OPERATED BOOT

Open and close the boot without ever having to touch it. You can also adjust the height of the open position to suit your needs.

### KEYLESS ENTRY AND START/STOP INCLUDING REAR DOORS

With this version of the Keyless entry and start/stop all doors can be used to unlock or lock the car.

Models shown are not UK specification.  
Some of the equipment shown is optional.

# LOOKING OUT FOR YOUR SAFETY

The easier your time behind the wheel, the safer your drive will be. It's why the SUPERB boasts a wide range of smart assistance systems to make everyday driving scenarios simpler, not to mention seven airbags as standard for added peace of mind.

## ON THE LOOKOUT

With a host of camera and radar-based assistance systems making continual assessments, you'll have peace of mind – wherever you're driving.

## FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION

Using a radar device in the front grille, the Front Assist system is designed to monitor the distance from the vehicle ahead, and also includes an emergency braking function. The SUPERB comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

Models shown are not UK specification. Some of the equipment shown is optional. \* Excludes SUPERB iV.

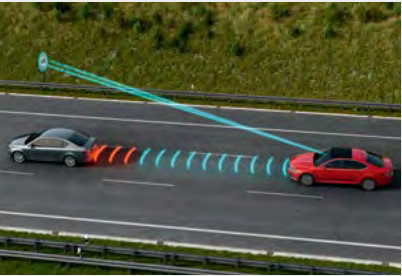

## BLIND SPOT DETECT

An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

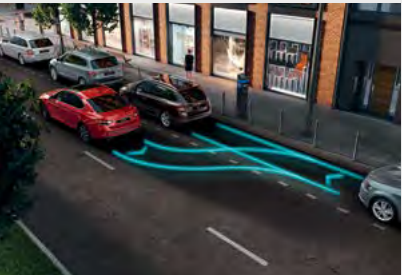

## ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

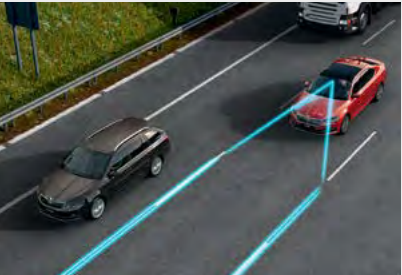

## PARK ASSIST

This function removes the stress of bay and parallel parking by identifying if the parking spot is big enough before automatically steering into the space.

## LANE ASSIST

Helping you stay in the intended lane of travel, Lane Assist uses a camera to detect road markings, and supports steering if you veer too close to the edge.

# YOUR SUPERB, YOUR WAY

Whether you're carrying bikes, need mudflaps and mats or the latest tech, our range of SUPERB accessories are designed to protect your pride and joy and add that special finishing touch.

### NEXTBASE 522GW DASH CAM AND GO PACK

Recording in 1440p HD, the Nextbase 522GW Dash Cam now packs even more features into the UK's most popular dash cam brand. Includes built-in Amazon Alexa, HD touchscreen and Intelligent Park Mode, which begins recording when any physical vehicle movement is detected keeping your SUPERB safe when parked.

### LOCKABLE BICYCLE HOLDER WITH ALUMINIUM PROFILE

Providing secure transport for your bicycle, this bicycle rack makes it easy to mount and secure your bicycle to the roof of your car. With its unique design and high-quality workmanship, the rack protects your bicycle and can also be locked to provide better protection against theft.

### DOG RESTRAINT/LUGGAGE PARTITION

Create a safe space for pets whilst protecting you and your passengers from the hazard of any unsecured luggage. This premium-quality, custom-made dog restraint is simple to fit, with thumb screw attachments for easy installation, requiring no drilling. Not suitable for vehicles with a sunroof.

### BICYCLE CARRIER FOR A TOW BAR

This extremely sturdy rack can carry two bicycles. Easy to fit and even easier to use, simply lift the bicycle up a little to secure in place before heading out for adventure.

Images are for illustrative purposes only. Please ask your ŠKODA Retailer for further information. All the above accessories can only be added to the vehicle after production at a ŠKODA Retailer and some may include an additional fitting cost.

## PROTECTION PACK

Muddy boots. Sand-filled towels. Soggy bike gear. Escaping for adventure may be great for the soul, but it's far less kind on your interior. It's why we've created our Protection Pack, which includes front and rear mudflaps, double-sided boot liner and textile or rubber floor mats – all for a special pack price.

### MUDFLAPS

Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

### PROTECTIVE BOOT TRAY

No matter how mucky things get, it's good to know that there's a boot liner to match it. This clever liner comes with an all-weather texture on one side with a textile reverse. They're quick to fit and remove, and all come with a 5cm raised edge to keep in dirt and make mucky boots a thing of the past.

### FLOOR MATS

These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

### OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

### VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO<sub>2</sub> figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

\* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

\*\* This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

# BiK CALCULATION EXAMPLE

Based on SUPERB SE Hatch 1.5 TSI 150PS ACT		
P11D value		£28,020.00
Company car BiK tax based on CO <sub>2</sub> emission level		32%
Taxable BiK (for 2022/2023 tax year):	32% of £28,020	£8,966.40
Annual company car tax (2022/23)		
20% income tax	20% of £8,966.40	£1,793.28
40% income tax	40% of £8,966.40	£3,586.56
Monthly company car tax (2022/23)		
20% income tax	£1,793.28 divided by 12 months	£149.44
40% income tax	£3,586.56 divided by 12 months	£298.88

Company car tax is based on the vehicle's carbon dioxide (CO<sub>2</sub>) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

### P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

### BiK (Benefit in Kind)

The BiK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2022/2023.

## TECHNICAL SPECIFICATION – CONTINUED

**Weighted  
Combined\* -**  
mpg (l/100km)

\* Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO<sub>2</sub> and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st June 2022. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see [skoda.co.uk/owners/wltp-info](https://www.skoda.co.uk/owners/wltp-info) or consult your retailer.

## ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

T&Cs apply. ŠKODA Financial Services.

## ŠKODA Car Insurance

### Complimentary ŠKODA Drive Away Insurance

Every new and Approved Used ŠKODA comes with five days’ complimentary insurance cover, getting you on the road quickly and easily so you can enjoy the things that matter. ŠKODA Drive Away Insurance is designed specifically for your ŠKODA and guarantees that your car will be repaired in a ŠKODA Approved Repairer. Speak to your ŠKODA Retailer for more details.

Subject to eligibility.

We will also provide you with an annual quote, with no additional questions asked, so you can continue to enjoy all the benefits ŠKODA Car Insurance offers.

Read on for more details.

### ŠKODA Car Insurance

ŠKODA Car Insurance offers quality service and support when you need it most, with a policy tailored specifically for your ŠKODA. Just as you’d expect from ŠKODA, our annual car insurance provides comprehensive cover, with lots of benefits included at no extra cost.

Insure your car with ŠKODA and relax knowing we only use ŠKODA trained technicians, who know your car inside out, and ŠKODA genuine parts\*, giving you the peace of mind that your ŠKODA will be repaired to the same high standards as before and to original manufacturer specifications.

## ŠKODA Gap Insurance

### What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

### ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

### ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

### Why choose us?

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about ŠKODA Gap Insurance, please speak to your nearest participating ŠKODA Retailer or go online [www.insurewithskoda.co.uk/gap-insurance](https://www.insurewithskoda.co.uk/gap-insurance)

ŠKODA Gap Insurance from ŠKODA Financial Services is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). ## Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

### Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

## Service intervals

When you order your SUPERB, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

## Warranty

### Peace of mind with a ŠKODA warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed retail network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner. Your SUPERB also benefits from a three-year paint warranty and 12-year body protection warranty.

Exclusions and terms and conditions apply.

### Owning a ŠKODA

#### Three-year vehicle warranty from new

First two years unlimited mileage.  
Third year with 60,000 mile limitation, whichever is sooner.  
Four to five years Optional Extended Warranty.

#### Three-year paint warranty

Up to 12 years body protection.

#### Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers. Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets and sunroof, brake adjustment, clutch adjustment, v belt adjustment, headlight

adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- > Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- > Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer's guidelines.
- > Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- > Damage caused by an accident.
- > Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- > Damage resulting from the use of non-original replacement parts.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, and loss of personal effects or income are not recoverable under the terms of the warranty.

## Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: **[skoda.co.uk/owners/accessories-and-merchandise](https://skoda.co.uk/owners/accessories-and-merchandise)**

### OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

### VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO<sub>2</sub> figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

\* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

\*\* This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

# BiK CALCULATION EXAMPLE

Based on SCALA SE TECHNOLOGY 1.0 TSI 95PS		
P11D value		£20,325.00
Company car BiK tax based on CO <sub>2</sub> emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £20,325.00	£5,691.00
Annual company car tax (2022/23)		
20% income tax	20% of £5,691.00	£1,138.20
40% income tax	40% of £5,691.00	£2,276.40
Monthly company car tax (2022/23)		
20% income tax	£1,138.20 divided by 12 months	£94.85
40% income tax	£2,276.40 divided by 12 months	£189.70

Company car tax is based on the vehicle's carbon dioxide (CO<sub>2</sub>) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

### P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

### BiK (Benefit in Kind)

The BiK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2022/2023.

# OCTAVIA iV – PLUG INTO THE FUTURE

Enjoy the dynamism and efficiency of a plug-in hybrid with the OCTAVIA iV. Available on SE L and vRS trims. There is no longer a need to compromise between performance and sustainability.

 Build your own

Models shown are not UK specification. Some of the equipment shown is optional.

## CHARGING

The socket situated on the front left wing allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station, an empty battery can be fully charged in five hours.

## CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

## DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 204PS (245PS for vRS iV), whilst in E-mode, the ŠKODA OCTAVIA iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

## iV VIRTUAL COCKPIT

Put all the information you need right in front of your eyes with the customisable 10.25" display. Replacing the traditional instrument dials, the screen can be customised with five views (Classic, Basic, Extended, Modern and Sports)..

# CONNECT WITH iV FOR EVEN MORE CONTROL

OCTAVIA iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

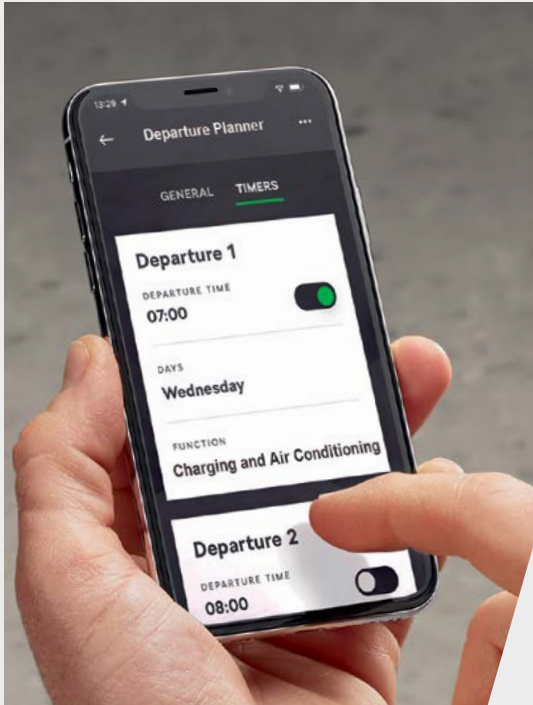

## CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

## REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

## REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Models shown are not UK specification. Some of the equipment shown is optional.

Pricing valid as of 1st April 2022.

\* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

From 6 April 2020, the official CO<sub>2</sub> emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

### OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

### VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO<sub>2</sub> figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

\* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

\*\* This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

# BiK CALCULATION EXAMPLE

Based on OCTAVIA SE TECHNOLOGY 1.0 TSI 110PS HATCH		
P11D value		£23,345.00
Company car BiK tax based on CO <sub>2</sub> emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £23,345.00	£6,536.60
Annual company car tax (2022/23)		
20% income tax	20% of £6,536.60	£1,307.32
40% income tax	40% of £6,536.60	£2,614.64
Monthly company car tax (2022/23)		
20% income tax	£1,307.32 divided by 12 months	£108.94
40% income tax	£2,614.64 divided by 12 months	£217.89

Company car tax is based on the vehicle's carbon dioxide (CO<sub>2</sub>) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

### P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

### BiK (Benefit in Kind)

The BiK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2022/2023.

Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO<sub>2</sub> and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st June 2022. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see [skoda.co.uk/owners/wltp-info](https://www.skoda.co.uk/owners/wltp-info) or consult your retailer.

Please note, if a tow bar or tow bar preparation is not fitted on the car, the VIN plate may not show any towing weights and the car will never be eligible for towing. As such it may not be possible to retrospectively fit a tow bar if the car is not fitted with tow bar preparation at Factory. Please speak to your

# SUPERB iV – PLUG INTO THE FUTURE

The SUPERB iV is ŠKODA's first plug-in hybrid, uniting innovative electric drive technology with the iconic design now synonymous with the SUPERB name. Available across SE L, SportLine Plus and Laurin & Klement trim levels.

## CHARGING

The socket situated behind the grille allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station an empty battery can be fully charged in five hours.

## CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

## DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 218PS, whilst in E-mode, the ŠKODA SUPERB iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

# CONNECT WITH iV FOR EVEN MORE CONTROL

SUPERB iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

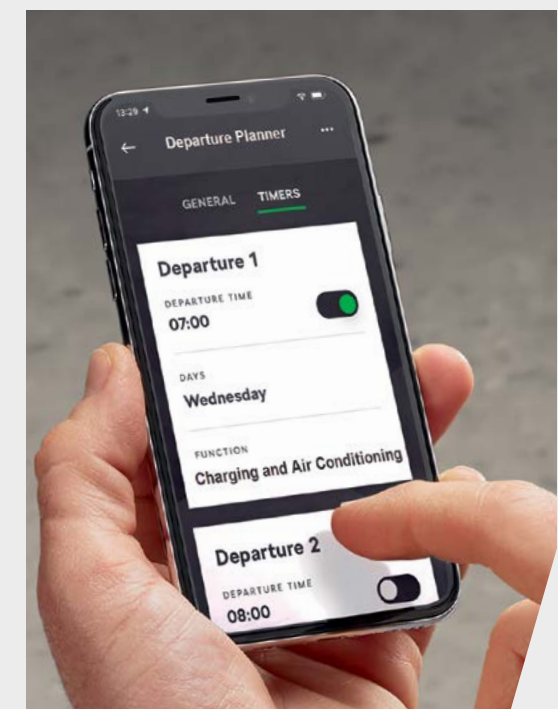

## CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

## REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

## REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Pricing valid as of 1st April 2022.

\* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

From 6 April 2020, the official CO<sub>2</sub> emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

### OTR (On The Road)

Recommended ‘On The Road’ prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

### VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO<sub>2</sub> figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

\* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

\*\* This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

# BiK CALCULATION EXAMPLE

Based on SUPERB SE TECHNOLOGY 1.5 TSI 150PS ACT HATCH		
P11D value		£28,675.00
Company car BiK tax based on CO <sub>2</sub> emission level		32%
Taxable BiK (for 2022/2023 tax year):	32% of £28,675.00	£9,176.00
Annual company car tax (2022/23)		
20% income tax	20% of £9,176.00	£1,835.20
40% income tax	40% of £9,176.00	£3,670.40
Monthly company car tax (2022/23)		
20% income tax	£1,835.20 divided by 12 months	£152.93
40% income tax	£3,670.40 divided by 12 months	£305.87

Company car tax is based on the vehicle's carbon dioxide (CO<sub>2</sub>) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a ‘Benefit in Kind’ value is calculated for tax purposes. The table above will help you calculate your tax liability.

### P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

### BiK (Benefit in Kind)

The BiK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2022/2023.

## ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

T&Cs apply. ŠKODA Financial Services.

## ŠKODA Gap Insurance

### What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

### ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

### ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

### Why choose us?

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about ŠKODA Gap Insurance, please speak to your nearest participating ŠKODA Retailer or go online [www.insurewithskoda.co.uk/gap-insurance](https://www.insurewithskoda.co.uk/gap-insurance)

ŠKODA Gap Insurance from ŠKODA Financial Services is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). ## Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

### Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

## Service intervals

When you order your SE Technology model, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

### MYŠKODA

#### UNDERSTAND YOUR ŠKODA AND ITS SERVICE NEEDS

MyŠKODA shows you the most important information about your car, such as the mileage, fuel level, pending service intervals, current warning signs and lights and the appropriate explanations and recommendations for action.

### TRIPS

#### MANAGE AND EXPORT YOUR DIGITAL LOGBOOK

Your digital logbook records all trips with start, destination, date, time, duration, distance and fuel costs per trip. You can analyse your driving style per each trip, display its statistics or export Electronic logbook for chosen time period.

### STATISTICS

#### IMPROVE YOUR DRIVING STYLE AND SAVE FUEL AT THE SAME TIME

Your driving style will be examined more precisely for maximum drive efficiency. Acceleration, braking behaviour, speed, RPM and coolant temperature will be recorded and summarized for you at a glance in a graph.

### ASSISTANCE

#### CONTACT THE 24-HOUR SERVICE HOTLINE

In case of a technical breakdown or even an accident, the app enables you to get in touch with the national 24-hour breakdown services at home or abroad, or the ŠKODA service hotline.

## HAVE NO EXCUSES NOT TO GET OUT AND RIDE

The bicycle carrier for tow bars solid build quality and clever design complement the look of ŠKODA vehicles perfectly.

The rack is extremely sturdy, easy to fit and easy to use – you simply need to lift the bicycle up a little to secure it in place. The rack has been designed to carry two bicycles with a combined weight of 36 kg.

The bicycle rack can be locked to protect the bicycles you are transporting against theft. Even when fully loaded, the rack can be folded away to facilitate access to your luggage compartment at all times.

ŠKODA Genuine Accessories

To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

## **PRACTICAL AND VARIABLE**

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger's seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

## **PERFECTLY VERIFIED**

All our child seats comply with European safety regulations (EHK 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.
